Portfolio: <https://justjulio95.github.io>

A full stack developer leveraging a background in psychology to create a more intuitive and pleasant user experience on the web. Known for being driven by efficiency and practicality, with a focus on mobile-first web development. With each project, the goal is to create a flawless, hassle-free user experience.

Technical Skills

Languages and Technologies: HTML5, CSS, Bootstrap, Bulma, Git, JavaScript, jQuery, Node.js, Express.js, MySQL, AJAX, Chrome Dev Tools, JSON, DOM, RESTful API, Handlebars.js, MongoDB, IndexedDB, Progressive Web Applications, React.js, PHP, C, Python

Applications: Google Suite, Microsoft Suite

Projects

Tech-Blog | <https://github.com/justjulio95/tech-blog> | <https://stormy-hamlet-23596.herokuapp.com/>

- A website designed to mimic the format of sites such as Hacker News, Stack Overflow, or Reddit, where users can create an account to create posts, comment, and upvote posts.
- Developed the application's backend (User, Post, Comment, Upvote models, custom API, and database), and frontend (general design and front end logic)
- Tools Used: JavaScript, MySQL, Sequelize, Handlebars, Express.js, Node.js, Bootstrap

Music Find | <https://github.com/justjulio95/music-find> | <https://justjulio95.github.io/music-find/>

- A web app designed to be an all in one stop for anyone to find information to a new favorite artist including a brief bio, their top 3 albums, and any potential tour dates
- Developed the application's logic and request handling in JavaScript
- Tools Used: HTML, CSS, Bulma, JavaScript, jQuery, AJAX, Last.FM API, Ticketmaster API

Git-It-Done | <https://github.com/justjulio95/git-it-done> | <https://justjulio95.github.io/git-it-done/>

- An app to search across GitHub for any open issues and to contribute to any open source projects. The app also allows for a general search by language.
- Designed the backend, utilizing GitHub's API to store and display appropriate information
- Tools Used: HTML, Bootstrap CSS, JavaScript

Experience

Victim/Witness Specialist II/Lead Worker

2017 - 2022

Miami-Dade State Attorney's Office

Miami, FL

Ensure that victims and witnesses receive timely, effective, and compassionate care from the state of Florida after traumatic experiences.

- Act as liaison between victims and resources that support their recovery after being impacted by crime.
- Ensure that victims and witnesses are aware of trial dates, available and present for court, and notified of upcoming meetings.
- Assisted with relocation of victims on occasion and ensured that victims were financially compensated when applicable.

Education

Full Stack Web Development Certificate: University of Miami, Miami, FL

A 24-week intensive program focused on gaining technical programming skills in HTML5, CSS3, JavaScript, JQuery, Bootstrap, Firebase, Node.js, MySQL, MongoDB, Express, Handlebars.js, and ReactJS.

Bachelor of Arts, Psychology: Florida International University, Miami, FL

Kappa Kappa Psi National Honorary Band Fraternity Member, engaging in various outreach events involving mentoring middle and high school students.
